

**BIRTHDAY GIFT FOR LUISA
TO HAVE JESUS CLOTHE LUISA WITH EVER NEW LIGHT AND GLORY
THROUGH THE HOURS OF THE PASSION**

VOL. 11 - November 4, 1914

The new and continuous way to meditate the Passion.

I was doing the *Hours of the Passion* and Jesus, all pleased, told me: “My daughter, if you knew what great satisfaction I feel in seeing you repeating these *Hours of my Passion* - always repeating them, over and over again - you would be happy. It is true that my Saints have meditated on my Passion and have comprehended how much I suffered, melting in tears of compassion, so much so, as to feel consumed for love of my pains; but not in such a continuous way, and repeated many times in this order. Therefore I can say that you are the first one to give Me this pleasure, so great and special, as you keep fragmenting within you - hour by hour - my life and what I suffered. And I feel so drawn that, hour by hour, I give you this food and I eat the same food with you, doing what you do together with you. **Know, however, that I will reward you abundantly with new light and new graces; and even after your death, each time souls on earth will do these *Hours of my Passion*, in Heaven I will clothe you with ever new light and glory.**”
